Memo on Declassification of Data by DIA

Per our telephone conversation, attached is a copy of the document in question. Though I agree with Mr. Toole's paragraph 3, this action by General Carroll does raise questions of propriety and does open us to criticism from Congressmen (e. g., Lipscomb) to whom we have refused such information.

I talked to Mr. Morell and Mr. R.J. Smith's office and understand that Mr. Proctor will be coming to see you to talk about this matter and solicit your views on what, if anything, we should do.
